main functions
(things you already love)

new features
to choose from!

Tell your story

Upload your proposal video and pre-nup video for everyone to see!

Capture the moment

Your guests can take interactive photos and record video greetings and messages!

Share your photos

Post pre-nup photos, seat plan, or any still image to make your wedding more special!

Doodle feature

Design your photos the way you want it! Write your message or scribble cute designs on your faces for that unforgettable photo.

Unlimited prints

Have unlimited photo print outs for everyone to bring home as souvenir!

Multiple Frames

Collect then select! Select the frames that suit your unique personality and be the designer of your own photos.

E-Mail Function

Can't wait to see those awesome shots? You can have your photos sent instantly via email!

Virtual Props

Boring? Not you! Choose from a variety of quirky props like wigs, sunglasses, thought balloons, or logos when designing your own photo.

Instant QR capture

Be the first to Tweet or post on Instagram or Facebook these memorable moments! Instantly grab photos from e-Guestbook using a smartphone with a QR reader. Scan the code of the photo using your smartphone and the photo will be sent straight to your phone!

Mobile Photographer

Fun moments don't have to be limited to one square feet-- roving photographers can take photos of everyone during the event and these will be uploaded to the e-guestbook. Guests can then pick their best shots, customize them, and print them out right away.

You make
our special day
even more
special.
Thank You
for coming!
